

PRESIDENT'S CORNER

I would like to take a moment to discuss an issue that doesn't seem to be going away. Fraud is more prevalent than ever. Impostors are taking over accounts by impersonating other individuals. Suspects are falsifying driver's licenses, passport cards, and IDs with legitimate consumer information to request a cash withdrawal or a check payable to a business from the victim's account. Unfortunately, this kind of fraud is happening everywhere – even in our backyard.

I encourage you to take these steps to prevent Account Takeover Fraud. You must protect your personal information. Only provide details to people you know are using it for legitimate purposes.

Sincerely,

Mark K. Hudzik
President & CEO
